# HELP COMMUNITY BANKERS AND THEIR COMMUNITIES AFFECTED BY HURRICANE HARVEY

[DONATE NOW](#)

While Hurricane Harvey continues to wreak havoc on Texas, and officials begin to survey and assess damage, we've witnessed volunteers, neighbors and communities come together. As we've seen in instances of past disasters, community bankers have risen to the occasion—despite their own challenges and losses—to help their customers, neighbors, staff and fellow business owners. With a deep-rooted desire to serve, community bankers consistently find a way to provide comfort and support during times of destruction, need and loss.

## **How Can You Help Community Bankers and Their Communities Affected by Hurricane Harvey?**

This weekend, we watched community banks across Texas step up to provide vital assistance and aid to their neighbors and customers. Get involved and do the same by offering support to community banks and their communities affected by Hurricane Harvey. ICBA has partnered with MainStreet Bank in Fairfax, Va., to launch the Hurricane Harvey Community Bank Relief Fund donation portal via Aircharity®.

Through this portal, community banks across the nation are already coming together with the common goal of sending financial resources directly to other community banks in affected regions. MainStreet Bank is covering the service charges, allowing your entire donation to support the cause.

We are so proud of our industry's commitment to service and to each other. Thank you for all you do to support your community and other communities in need.
